To Whom It May Concern,

This letter is written in support of the outstanding job Atlas Electric has done for Enterprise Builders Corporation over the years. They have upheld the utmost professionalism with our firm while providing quality services for the following projects:

- PMG Socorro- Ground up medical facility
- Toni & Guy Hair Academy- Retail tenant improvement
- Rehab Suites @ Las Estancias- Ground up skilled nursing facility (design assist)
- PMG Santa Fe- Ground up medical facility
- California Corners- Retail tenant improvement

Atlas Electric shares our values of safe building practices and holds the highest standards of safety on all projects. Additionally, Justin Taibbi and his team are always willing to go above and beyond to make certain their scope is completed to exceed the client's expectations. Justin maintains wonderful customer service and is fair in his pricing.

We have collaborated on design build/design assist projects with the Atlas Electric, specifically Rehab Suites @ Las Estancias, in which Justin lent his expertise and came up with feasible solutions to expedite the schedule and fit the design intent for a price suitable for the project. We were impressed by his trade professional knowledge and his willingness to be a team player.

We are pleased to recommend Atlas Electric for projects of all sizes based on our experience with them. Justin and his firm have continuously allowed our team to achieve successful projects and maintained a high quality of workmanship.

Thank you,

A handwritten signature in black ink, appearing to read 'Chris Baca', is written over a white background.

Chris Baca
VP Estimating/Project Management
